AROUND the TOWNSHIP

Thermometers in Decoto Wednesday afternoon registered 100 in the shade. It is reported the mercury jumped clear out the top of several placed in the sun.

W. A. Baldwin, township resident who spent many years on the island of Maui, compliments the Lions club on its fair, which he attended during the whole three days.

Mr. Baldwin is an expert on fairs, having served as director for the Maui fair. Praise from him is praise indeed.

Joe Ferry sat outside his barber shop the other day commenting on the fact that there is less speeding through town during the cannery season because all the young bucks are busy daytimes. "Only fast car I've seen today is that one from Los Angeles", he said pointing.

"How do you know that car's from LA?" we asked.

"Just look at it!" Joe snorted. "The front fenders've been ripped off."

The state board of equalization is adding to the expense of Pete and Bill and Joe and Mario and George and the other liquor venders by requiring them to post signs warning patrons about closing hours. Hen Noonsummer says he thinks these signs are for the purpose of counteracting the insidious influence of those which read I. I. T. Y. W. Y. B. A D.

* * * *

There is a lot of talk occasionally about how unprogressive people in the township are. This may be true of some but it is not true of the farmers. Charlie Langdon, Manuel Silva and ouie Amaral, before they are through, will have a farmers' cannery operating here. They have already led Alameda county vegetable men into first place in the fight to maintain tomato prices.

AMERICAN LEGION AUXILIARY HAS GOOD TIME

The American Legion Auxiliary of the Washington Township, held its annual American Legion chums dinner last Tuesday night and Miss Sousa was in charge.

Niles Senior Chamber Supports County Fair Plan

NILES — Unanimous endorsement of the proposal to establish an official Alameda County or District Fair was voted at Monday's special meeting of the Chamber of Commerce, following an address by Ernest Schween of the Pleasanton Chamber of Commerce. Schween stated that the Pleasanton site was not being promoted at this time but that the idea was to persuade the Board of Supervisors to establish the county fair, after which the site would be selected.

Supervisor George Hellwig was present and stated that he was speaking unofficially but that he believed Alameda County with its numerous assets and products should have a fair and that he believed other members of the board felt likewise. He stated also that he believd such a fair should be held in the country district of the county. Any appropriation of State racing funds must come after request is made by the supervisors, he said. It is understood that there is about $3,000,000 in this fund at present and that for every dollar spent by the county for premiums, the State will return approximately $3.55. All money for furnishing a site, operation, etc., must be provided by the community in which the fair is held.

It was the general consensus of opinion that if a county fair is held it should be under local direction and not by any outside group which might seek to promote same.

The motion to endorse the county fair was made by F. V. Jones and seconded by H. L. Scott. Secretary A. J. Petsche was instructed to write the proper letter to the Board of Supervisors. All civic organizations in the county are being asked to do the same, these letters to be turned over to a committee which will present them to the supervisors.

Also present at the meeting was Crawford Letham of the Pleasanton Chamber of Commerce. An invitation was extended to the Niles Chamber to enter an exhibit at the Pleasanton Fiesta del Vino to be held on August 28 and 29. Space will be provided free for local exhibits. The California Nursery Company has already planned for such a display. President W. B. Kirk stated this matter would be taken up at a meeting of directors.

The first regular meeting of the chamber will be held on Monday, Sept. 13, Monday's affair having been a special session called to hear the Pleasanton visitors.

COW MUST HAVE LICENSE TO TRAVEL SAYS STATE LAW

CENTERVILLE—Plenty of discussion about the constitutionality of the State Agricultural Code passed in 1933 marked the arraignment of Joe Holdener of Russel City, charged with failure to secure license for transportation of bovine animals after alleged purchase of a calf at the Joe Sutter ranch in Alvarado. Holdener was represented at the Centerville justice court by Frank H. Arb of Hayward and the prosecution by Deputy District Attorney Stanley Smallwood. Upon plea of the defendant's attorney, the case was continued until Friday, Aug. 27, for entry of plea.

Arb claimed class legislation in that the State Agricultural Code demands a special license for transportation of a bovine animal while none such is asked for transportation of other animals or products. He intimated however that there would be no appeal in case the defendant is found guilty. Holdener stated he had forwarded check for that amount to Sacramento but had received no answer. He was brought into court on a complaint signed by the local representative of the State Agricultural Department.

The law involved was framed to protect cattle owners against rustlers. It provides that any person transporting cattle can be stopped by officials and compelled to show license for transporting.

Three Cannery Sites Under Consideration By Tomato Men For Co-oporative Venture

CENTERVILLE—Unanimous approval of a plan to build a co-operative cannery in Washington Township to protect growers against low prices offered by canners was voted at a meeting of 60 prominent farmers at the Washington Union High School last Sunday afternoon. It is probable that the cannery will be ready for the 1938 spinach pack and three sites are being considered, at Niles, Centerville and Irvington.

The meeting Sunday afternoon was called particularly to urge growers not to sign with canners for the 1937 tomato crop at prices ranging as low as $9. Many of the growers have signed for $15, the price established by the Canning Vegetables Growers Association. A surplus from last year and an abundant harvest this year is said to be reasons for canners attempting to sign up growers at a price below production cost. Farmers were urged not to sign at this price under any condition.

C. A. Rinderspacher, of the Canning Vegetables Growers Association, opened the meeting inasmuch as it was not an official session of that organization. Charles Langdon was asked to preside. There was considerable discussion of market conditions and of a drive being made by chain stores to dispose of the surplus of canned tomatoes left from last year's pack.

The growers' association at present has approximately 150 members. All farmers who had not signed contracts for this year's crop of tomatoes were urged to join the association and to can their tomatoes on a cooperative basis.

Hundreds See Agony Of Victim In Truck Wreck

NILES—One of the worst highway accidents witnessed during the construction of the new highway being built through Niles took place at the California Nursery crossing Friday night at 11:20 o'clock when Jess Quint of San Francisco failed to manipulate a large semi-trailer loaded with roofing paper around the detour after coming upon the highway barricade unawares. Quint was pinned in the cab of the over-turned truck for two hours and was released when three tow cars lifted the wreckage sufficiently from him to be pulled from the cab onto a stretcher. First aid was given him by Dr. E. C. Grau of Niles and a nurse from the Hayward Hospital as hundreds of local residents and motorists watched efforts of wrecking crews to release him.

He was taken to the San Jose hospital where he is recovering. He suffered a badly bruised and cut left leg and a severely lacerated right hand, loss of blood and shock. He was driving for the Willig Hauling Co., of San Francisco, enroute to San Luis Obispo. He has been employed by the company for the past two years with a good service record.

Riding with Quint was LaVern R. Marinell, 20, of R. F. D. Box 744 McBride avenue, Richmond. Marinell was enroute to San Luis Obispo as a guest passenger of Marinell but had been told he was riding at his own risk. He was thrown through the windshield of the truck when it over-turned and was found walking in a dazed condition at the entrance of the California Nursery by motorists following the truck.

Fire broke out in the motor when the truck over-turned and among those who extinguished it with dirt, probably saving the life of the driver, were Frank, Joe and Tony Correa of Niles. The Niles Fire Department arrived at the scene and stood by until Quint was taken from the wreckage. Hazard from standers-by who insisted upon smoking cigarettes with quantities of spilled gasoline about kept traffic officers and firemen busy admonishing smokers to desist.

Hundreds of motorists remained at the scene during the two hours Quint was pinned in the wreckage. Costumes ranged all the way from night clothes to tuxedoes and spectators pressed so close to the cab of the truck to get a glimpse of Quint that traffic officers had to disperse them for the convenience of first and workers and stretcher-bearers. Marinell was taken to Dr. Grau's office where he was given first aid and taken later to the Fairmont Hospital by Deputy Sheriff Wallace Ebright.

Loss of the truck was estimated at $10,000 and the load, 700 rolls of roofing paper at $2500.

J. F. McKENNA TO PLAY PART IN STANFORD PLAY

NILES—J. Fenton McKenna, husband of Jewel Smith McKenna, former dancing teacher at a Niles private school, will play the role of Sir Toby Belch, a drink-guzzling but lovable character in "Twelfth Night" to be given at Stanford University tonight and tomorrow night. The production is under the direction of Hubert Heffner of Northwestern University and will be given in the new Memorial Theatre.

Surrounded by hilarious companions, the impish Maria played by Phyllis Lakin; the perennial bachelor Sir Andrew Aguecheek, George Z. Wilson; Fabian, Hoke Roberts; Feste, the fool, Arthur Bernhardt Gleditzsch; and Malvolio, Countess Olivia's lovestruck steward, Fred Clarke, McKenna as Sir Toby finds himself the center of a group of mischievous but harmless plotters.

As director of dramatics at the University of Santa Clara, McKenna has won favorable criticism through his productions. He has been seen in the roles of Hotspur in "Henry IV," Peter in the "Passion Play," Caiphas in "Saul of Tarsus," and for several seasons has played the lead in the San Juan Pageant.

150 AT WEDDING AT SHINN HOME

NILES—Before an assemblage of 150 relatives and friends, Miss Elizabeth Shinn became the bride of Frank Joseph Solinsky, III of Berkeley at a ceremony performed in the garden of her parents, Mr. and Mrs. Joseph Clark Shinn of Niles on Saturday afternoon at half after three o'clock. A reception with buffet refreshments served from tables on the lawn and in the dining room followed, after which the couple left for a week's honeymoon on the Monterey peninsula. They are expected to be in Niles this week-end after which they will go to their home in Tulare county.

The nuptial rites were said by Rev. F. V. Jones, oldtime friend of the Shinn family. Magnolia trees in the garden furnished a setting for the ceremony and magnolia blossoms were used profusely in the house decorations. The bridesmaids carried arm bouquets of these blossoms. An aisle for the bridal procession was formed by ropes of white lace flowers laid across the lawn by Roseanne and Jimmie Sladek, small neighbors of the bride. The wedding march was played by the Pasmore trio of Berkeley. This is the third family wedding which has taken place in the Shinn garden, the bride's parents and her aunt, Mrs. William R. Cobb of Berkeley having chosen this as the scene of their weddings.

The bride wore a gown of white mousseline-de-soie, made Empire style, and fingertip veil. She carried a shower of lilies-of-the-valley. Serving as maid of honor was the bride's sister, Miss Anna Milicent Shinn and the bridesmaids were Mrs. Allen Mayhew Shinn, her sister-in-law and Miss Jane Cobb, her cousin. The attendants wore figured white organdie with green sashes, matching meline hats and sandals and carried arm bouquets of magnolias. The bride's mother wore pink lace and a pale blue hat and her flowers were white begonias. The groom's mother, Mrs. Frank Joseph Solinsky, Jr., wore delphinium blue with matching hat and her flowers were white bouvardia.

The bride is the niece of Mrs. William R. Cobb of Berkeley and Dr. Milicent Shinn of Niles. She is the granddaughter of the late Mr. and Mrs. H. A. Mayhew, pioneer residents of this community. She is a graduate of the niversity of California and of Castelleja and a member of the Alpha Phi Sorority.

The groom is the grandson of Mrs. Frank Joseph Solinsky of Berkeley who was present at the wedding. He attended the University of California and the University of Oregon and is a member of the Zeta Psi Fraternity. His brother, Edward Solinsky, served as best man.

HUGO BLACK

To anyone who followed the career of Hugo Black in the senate, news of his appointment to the supreme court comes as a disappointment.

Black has consistently proved himself to be a showoff, publicity seeker and political opportunist. The senate investigations which he conducted were characterized by a desire for sensational publicity at the expense of justice.

There is plenty of evidence that hc could not be reelected in his home state of Alabama and some well-informed observers believe that the court appointment is primarily for the purpose of saving his political hide.

He will serve in the supreme court. presumably, for the next 20 years. It is possible that he will be a justice long after his master has retired from the white house. It is possible that once he has paid his political debt to the New Deal, he will consider himself able to afford that impartiality which is necessary to a good justice.

But the conditions of his appointment will always be a disgrace to American government.

BAYSHORE ROAD

During the last 10 days there has developed a certain amount of local opposition to the proposed East Bayshore highway, on the grounds that it will give the go-by to all local business communities. We wish to repeat here that the township will never amount to shucks so long as it depends on tourist business. Local payrolls are the things which will put this district ahead. Fast highways with few traffic hazards will help us to acquire those payrolls.

COUNTY FAIR

Ernest Schween of Pleasanton made a lively plea in Niles this week for local support for an Alameda County Fair. The Niles Chamber of Commerce voted its support. Other township groups should do likewise. There is plenty of money available in the state funds for a good fair. After the fair has been obtained local communities can present their claims for a fair site.

There has been a good deal of rumor and misinformation spread about the plan to move the Niles school. Whether these rumors have been spread maliciously or not, we can't say. We do know that in a small community a "whispering campaign" does the whisperer no good and actually accomplishes little.

JOE E. BROWN PLAYS AT NILES

NILES—Joe E. Brown, the man with the magnificient maxillaries and marvelous mandibles, is appearing at the Niles theatre this evening and tomorrow in an opus entitled "Riding On Air".

Grandiloquent Gawper Brown finds himself in an airplane without pilot, and, as usual, comes out all right and gets his girl. His brand of entertainment is well-known and sure-fire.

Someone was being sarcastic when they named the Jane Withers picture "Angel's Holiday". Jane Withers made fame and fortune by not being an angel. She is the only person who ever stole show from Shirley Temple. Fitting second feature with Jane is a show entitled "Armored Car".

Next Wednesday and Thursday will see Dick Powell in "Singing Marine". Dick Powell is a musical comedian who has improved with age. When he first became a featured player about all he had was a silly grin. Now he can kid himself and the movies both and he makes people like it.

ALVARADO- A $3.000 repair job on the Alvarado Grammar School is expected to begin the middle of this month, states Mrs. Walter Robie, clerk of the trustees. New plaster will be applied, wood work will be refinished and additional sanitary equlpment will be installed. The district's share of the cost is about $180.

YOUNG PEOPLE RETURN FROM CONFERENCE

NILES—Last Saturday August 14, with the closing of the Young People's Conference at Lakoya in Napa Woods, many members of our younger generation and their elders made their way homeward from the spot where they had spent a most enjoyable week. The total number of delegates were 116.

Sunday night upon reaching the camp grounds, the group were welcomed with a hearty meal, which was followed the same evening by a campfire service, mainly for getting acquainted.

The next morning following breakfast and camp inspection, several classes were held until noon. The young people had a choice of any class they decided or wished to attend. Helpful talks were given to the young people and lunch was served at 12:30. The afternoon was free for recreation in which swimming lessons were given and supervised swimming held.

At 6:00 p. m. dinner was served and at 7:30 the evening campfire service was held.

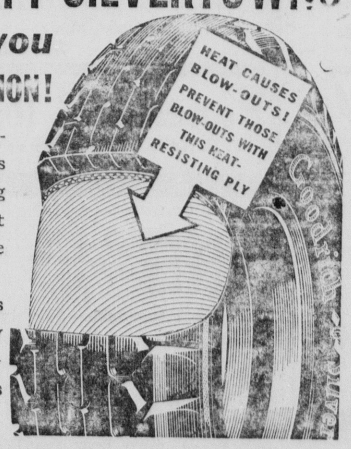
On Wednesday night each group put on a stunt or act as a form of entertainment.

Thursday evening the young people under the leadership of several ministers and guids made their way to the top of one of the near by mountains. Mt. Hooker. It was a five mile hike to the top fro mthe road.

WE DON'T GAMBLE WITH MOTORISTS' LIVES!

BLOW-OUTS are caused by the terrific heat generated *inside* all tires by today's high speeds. This heat causes rubber and fabric to separate. A tiny blister forms, grows bigger and BIGGER, until sooner or later, BANG! It's a blow-out! You can't stop—you can't steer as your car zooms out of control.

WE SELL GOODRICH SAFETY SILVERTOWNS
the only tires that give you
GOLDEN PLY BLOW-OUT PROTECTION!



THOUSANDS are killed or injured in blow-out accidents every year. That's why Goodrich Engineers developed the Life-Saver Golden Ply. This amazing invention resists heat so that rubber and fabric do not separate—blisters do not form. Thus blow-outs are checked before they even get started.

And here's more good news! Goodrich Silvertowns cost less than other super-quality tires, so you pay nothing extra for Golden Ply Blow-out Protection—It's FREE! Come in today and let us show you this Life-Saving invention.

UNIVERSITY ATHLETE CLAIMS KIDNAPING IN CANYON

NILES—Niles canyon was the scene of a reported kidnaping of Oliver "Curly" Owen, 22, member of last year's freshman football squad of the University of Southern California and evangelist last week. Owen told Oakland police that he had been kidnaped and threatened by five white men, two Negro men and two women after he had completed his nightly services at the Bethel Tabernacle, 1421-25th avenue, Oakland, forced to drive to Niles Canyon at the point of a pistol and ordered out of his car.

"You have a good racket in this evangelist work", he said one of the men told him. "Stick to it and quit mentioning names and places. Otherwise it won't be healthy for you. We'll beat you up if you keep on mentioning names in your sermons."

One of the men, Owen reported, then came over to him and said he had ruined his underworld business by a conversion at his services.

"You took my income away", Owen quoted the man as saying, "and I want $1000 by September 1 or I'll kill you."

The man then struck him in the face, Owen said, and the former footyall player who weighs 200 pounds and stands more than six feet in height, retaliated by knocking his assailant down.

The man got to his feet, Owen reported, and remarked:

"Remember, I'm still not afraid to use a gun. I want that $1000."

As soon as he was released, Owen reported the kidnaping and asked police protection.

Rev. R. L. Brown, of 3912 Penniman avenue, at whose home Owen has been staying, confirmed the evangelist's story and said that he feared that Owen might be killed for reporting the incident to police.

COUNTY JUNIOR CHAMBER WILL MEET

NLES-- A meeting of the Alameda County Junior Chamber of Commerce is expected to be called in the near future to which representatives of all civic organizations in Southern Alameda County, will be invited to discuss a proposal to seek improvement of the Niles Canyon Road. President Lawrence Sharpe, of the Niles Junior Chamber is chairman of the committee, promoting this project and has been promised co-operation by Sam Kerns, president of the county chamber. Already two organizations have offered support according to President James Trimingham, of the Pleasanton Junior Chamber.

It is pointed out that the improvement of the Altamont Pass now under way will only remove the bottleneck of traffic nearer the Bay section. Since the Niles Canyon offers the only water-level route from the interior to the Bay, trucking is always heavy. Several antique bridges, narrow strips of highway and two dangerous crossings are suggested as most needing improvement. Only loads of a certain limit may be taken across several of the bridges. Three are particularly pointed out as needing replacement, the two antique structures, east of Niles, and the low bridge west of Sunol, have been the scene of several accidents , three children, having been killed recently when a truck and trailer were hit by a passenger train.

NILES CONGREGATIONAL CHURCH SERVICES

The Young People's Christian Fellowship will resume reguar meetings on September 5. An enthusiastic delegation from the Lokoya Young People's Conference will be prepared to tell about it.

"The Church Facing Its World" will be the topic for the sermon next Sunday morning.

We are cordialy inviting you to join us in the fellowship of worship. Our summer services are brief, informal and stimulating.

Niles Junior Chamber Gives Big Dance Next Saturday Night

MARSHALL GREEN TO WED THIS WINTER

NILES—Announcement has been made of the engagement of Miss Betty Crowhurst of Berkeley to Mr. Marshall Green of San Francisco, the wedding to take place this winter. The bride-to-be is the daughter of Mr. and Mrs. Frank Crowhurst of Berkeley. The groom-elect is the son of Mrs. Fern Mitte of Niles. He is a graduate of Washington Union High School and is a teller in one of the branches of the Bank of America in San Franicsco. Announcement of the engagement was made at a party at the home of Mrs. Crowhurst recently, news of the approaching wedding being included in a motion picture made at the home of Mrs. Mitte in Niles this summer.

MRS. PASHOTE HOME FROM MANTECA

Mrs. Mary Pashote, returned to her home a week ago, after spending several weeks with her daughter, Mary Dutra of Manteca.

NILES—Funds to purchase a neon sign at the north entrance to Niles on the new highway will be raised at a dance to be given at Stonybrook Park in Niles Canyon on Saturday night, Aug. 28. Due to the importance of the project for which the funds are being raised, the public is asked to patronize this event.

Junior Chamber of Commerce members point out that due to the fact that the new highway runs outside the main business district of Niles, it is highly important that proper signs be placed to direct traffic to the main street. It is understood that the senior chamber contemplates installing a sign at the other end of town.

The committee in charge of the dance next Saturday night is composed of Sam Kerns, Barney Biaocchi, Frank Nunes, Joe Avilla, Alex Butler, Frank Duarte, Milton Fournier, Bill Alameda, Norman Rose, A. Mosegaard and Dick Attinger.

BLUEBIRDS BUSY WITH PLANS FOR HALLOWEEN BALL

NEWARK—A meeting of the Bluebird Club was held on Tuesday evening with president Elsa Mikkelsen presiding. Mrs. Greb reported that the Camp Fire girls which are being sponsored by the Bluebird Club, were getting along splendidly. A doughnut sale was to be held on Saturday and Mrs. Greb requested all Bluebirds to help the Campfire giris in this sale. The main object of this meeting was to make plans for the eighteenth annual Hallow'een ball to be given at the Swiss Park on October 30. President Mikkelsen urged all club members to work hard for the success of this dance, as with the increasing population of the town all funds available will be necessary for the benefit of the Community Christmas Tree, when each year all kiddies and their parents are the guests of the Bluebirds for the evening. Needy families are also assisted by the Club. Committees will be appointed later.
